

FORMULATIONS for
VETERINARY

Take a peek at our premium and innovative product formulations for animals.

ABOUT

A Pioneer In The Pharma Industry

- High-Quality Pharmaceutical Medicines
- Diligent professionals in the team
- A Strong Management Team
- Excellent clientele
- Quality Control

Kriven Pharma was established in 2016 with the sole purpose of providing premium, world-class quality products. We cater to the high-quality liquid product requirements of clients. A simple but focused philosophy that has seen Kriven grow is- "The highest quality product, least turn-around time and a good price-performance ratio." It is this single-minded focus that has so far helped Kriven build and strengthen its robust client relationships.

Kriven has built up sound client relationships, similarly, vendors are partners in progress and work as a part of the Kriven team, and the biggest asset in our infrastructure is the workforce. Their attitude to work and passion for quality and empathy for mankind set the liquid, Powders, Injection products at Kriven apart. Kriven has been certified for ISO 9015, by HYM International Certifications Private Limited on 13th April 2019.

Product Range: Veterinary Liquids and Nutraceuticals

Vision

To become a globally admired Pharmaceutical Organisation by providing research-based, affordable quality products for the larger global population. We continually develop ourselves to be one of India's leading and most admired pharmaceutical companies. Kriven sees itself as providing the best possible range of international quality products at competitive prices through integration, research, innovation & development.

Mission

Kriven Pharma is committed to the pursuit of excellence through world-class products, innovative processes, and empowered employees to provide the highest level of satisfaction to its customers. We strive to dedicate ourselves to humanity's quest for longer, healthier and happier lives, through innovative quality check mechanisms, and stringent SOP-produced healthcare products.

Highly Effective Veterinary Formulations Offered By Kriven Pharma

Kriven Pharma manufactures safe and high-quality veterinary formulations for livestock, companion animals, and so on. We also do final product testing before delivering it to our clients which ensures high treatment values. Further, with the formulations developed under the strict vigilance of qualified pharmacists, we are able to ensure highly effective and safe veterinary drug formulations are made available as per the specific demands of clients from veterinary drug manufacturing companies.
